

Site-Creator

Motherbox - Control Your World

With the **W&T Web-IOs** you can capture measurement values such as temperatures or switching states and trigger switching operations over the network. Also use the **W&T Motherbox** with the integrated **Site-Creator** to create Web-based visualization and control pages for the IO points on your Web-IO.

To tech. data sheet >>>

Test a Motherbox* >>>

No programming knowledge needed to individual visualization and control page

Here a YouTube video needs to be displayed!

You activate the video function using the following button, whereby you use the provider Google and (at your own risk in terms of data protection ;) share data with it.

Enter YouTube >>>

To avoid such extra clicks in the future, try eu-de-bonn@ec.europa.eu (Regional representative of the European Commission in Bonn) or support-de@google.com.

Compatible device groups

*Risk-free: Even commercial customers can test the Motherbox for 30 days at no charge; if you are not satisfied, simply return the device within 30 days.
